(a) A holder shall file a new or amended application for a special use authorization to cover new, changed, or additional use(s) or area.

(2) Changes during construction, or at any other time, from the approved plans or the location shown in the application or authorization shall be allowed only with the prior approval of the authorized officer.

(b) A holder may be required to furnish as-built plans, map(s), or survey(s) upon completion of construction.

§ 251.62 Acceptance.

Except for an easement, a special use authorization shall become effective when signed by both the applicant and the authorized officer. The authorization must be signed by the applicant and returned to the authorized officer within 60 days of its receipt by the applicant, unless extended by the authorized officer. Refusal of an applicant to sign and accept a special use authorization within the time allowed, and before its final approval and signature by an authorized officer, shall terminate

§ 251.63 Reciprocity.

If it is determined that a right-of-way shall be needed by the United States across nonfederal lands directly or indirectly owned or controlled by an applicant for a right-of-way across Federal lands, the authorized officer may condition a special use authorization to require the holder to grant the United States the needed right-of-way.

§ 251.64 Renewals.

(a) When a special use authorization provides for renewal, the authorized officer shall renew it where such renewal is authorized by law, if the project or facility is still being used for the purpose(s) previously authorized and is being operated and maintained in accordance with all the provisions of the authorization. In making such renewal, the authorized officer may modify the terms, conditions, and special stipulations to reflect any new requirements imposed by current Federal and State land use plans, laws, regulations or other management decisions. Special uses may be reauthorized upon expiration so long as such use remains consistent with the decision that approved the expiring special use or group of uses. If significant new information or circumstances have developed, appropriate environmental analysis must accompany the decision to reauthorize the special use.

(b) When a special use authorization does not provide for renewal, it is discretionary with the authorized officer, upon request from the holder and prior to its expiration, whether or not the authorization shall be renewed. A renewal pursuant to this section shall comply with the same provisions contained in paragraph (a) of this section.
